1.6.3 Tension Fabric Membrane Warranty

- a. The heavy-duty architectural tension fabric membrane (HDPE or PVC) must carry a manufacturer's warranty for a minimum period of fifteen (15) years from the date of Final Completion.

2.0 PRODUCTS

2.1 Structural Steel Frame

- 2.1.1 Structural framing must utilize an engineered gable-roof profile (straight-sloped roof pitches meeting at a distinct ridge peak) rather than a radius arch.
- 2.1.2 Structural steel tubing or hollow structural sections (HSS) must meet ASTM A500 Grade B or ASTM A53 Grade B minimum standards.
- 2.1.3 All structural steel components, including trusses, purlins, and bracing, must be hot-dip galvanized after fabrication in accordance with ASTM A123.
- 2.1.4 On-site field welds or scratches must be repaired using a zinc-rich cold-galvanizing compound meeting ASTM A780.

2.2 Fabric Membrane

- 2.2.1 The primary roof enclosure must be a heavy-duty, high-density polyethylene (HDPE) or polyvinyl chloride (PVC) coated woven membrane.
- 2.2.2 Minimum fabric weight must be 12.0 ounces per square yard (PVC) or 8.0 ounces per square yard (HDPE).

2.3 Performance

- 2.3.1 Flame Retardancy: Must pass NFPA 701 Methods 1 and 2.
- 2.3.2 Color: Translucent white to maximize natural interior daylighting.
- 2.3.3 Tensioning System: The fabric must be tensioned both horizontally and vertically using a mechanical ratcheting or pipe-and-bolt draw-box system. This system must allow for future manual re-tensioning without structural dismantling.

2.4 Hardware & Fasteners

- 2.4.1 All framing connection bolts, nuts, and washers must be structural grade ASTM A325 or A490, hot-dip galvanized or stainless steel.
- 2.4.2 High-strength chemical adhesive anchors (e.g., epoxy-set) or heavy-duty mechanical expansion bolts, constructed of 316 stainless steel or hot-dip galvanized steel, sized according to sealed engineering calculations.

2.5 Appurtenances

- 2.5.1 Ventilation: Provide passive ridge vents or louvers at the gable peaks and/or end wall to allow moisture and air exchange, preventing internal condensation buildup.
- 2.5.2 End-Wall Panels: Rigid or fabric end-walls designed to match the main roof fabric profile, equipped with reinforced framing for louvers.

3.0 ERECTION

3.1 Demolition & Removal

- 3.1.1 Establish a secure perimeter using temporary fencing. Post appropriate OSHA-compliant safety signage before starting work.
- 3.1.2 Carefully cut and remove the old fabric membrane. Systematically unbolt or torch-cut the old framing network. Prevent any unguided structural collapse that could impact or fracture the existing concrete foundations.
- 3.1.3 Cut all old anchor bolts flush with the top surface of the concrete foundation walls. Grind smooth to ensure a uniform surface for the new structure.
- 3.1.4 Clean the site of all demolition debris. Haul away and legally dispose of all non-salvageable materials at an approved recycling or landfill facility. Keep a manifest log of all dumped materials.

3.2 Foundation Preparation

- 3.2.1 Power-wash the top and faces of the existing concrete walls to remove all salt scale, dirt, grease, and loose concrete.
- 3.2.2 Inspect the concrete for structural integrity. Locate and mark out the placement of new anchor bolts to completely avoid old cut-off anchors or internal rebar conflicts.
- 3.2.3 Assemble structural gable trusses on the ground using calibrated torque wrenches to tighten all structural bolts to manufacturer specifications. Erection cranes must lift trusses safely using nylon slings to prevent damage to the galvanized coating.
- 3.2.4 Erect and align the trusses on the concrete foundation. Install all purlins, cross-bracing, and sway cables. Ensure the structural skeleton is perfectly plumb, square, and level before anchoring.

- 3.2.5 Drill anchor holes into the existing concrete using rotary hammer drills. Clean the holes thoroughly using compressed air and wire brushes. Inject structural epoxy adhesive and set the new anchor rods according to the manufacturer's exact temperature and cure-time charts.
- 3.2.6 Pull the fabric panels over the completed gable frame during low-wind conditions. Secure the panels into the tensioning tracks or ratchets. Tension the fabric evenly across the frame until all wrinkles are removed and the membrane achieves the manufacturer's specified drum-like tautness.
- 3.2.7 Install heavy-duty neoprene or galvanized steel flashing along the junction where the fabric meets the concrete foundation wall. This ensures a completely watertight seal that prevents rain from entering the salt storage bay.
- 3.2.8 Clean the interior and exterior of the site. Remove all metal shavings, loose fasteners, packaging materials, and tools.
- 3.2.9 Conduct a hose-stream water test against the fabric seams and the foundation base flashing to verify watertight integrity. Fix any discovered leaks immediately.

4.0 PROPOSAL EVALUATION

2.0 PAY TO PLAY PROHIBITIONS

- 2.1 New Jersey law insulates the negotiation and award of State contracts from political contributions that pose a risk of improper influence, purchase of access or the appearance thereof. P.L.2005, c.51, as amended by the Elections Transparency Act, P.L.2023, c.30, codified at N.J.S.A. 19:44A-20.13 to 20.25 (“Chapter 51”) and Executive Order 333 (2023).
- 2.2 Pursuant to N.J.S.A. 19:44A-20.13 et seq. (P.L.2005, c.51, rev. P.L.2023, c.30) a “fair and open process” means, at a minimum, that the contract shall be: publicly advertised in newspapers or on the internet website maintained by the public entity in sufficient time to give notice in advance of the contract; awarded under a process that provides for public solicitation of proposals or qualifications and awarded and disclosed under criteria established in writing by the public entity prior to the solicitation of proposals or qualifications; and publicly opened and announced when awarded. A contract awarded under a process that includes public bidding or competitive contracting pursuant to State contracts law shall constitute a fair and open process. N.J.S.A. 19:44A-20.23. The agency conducting the procurement will need to determine whether the procurement meets the Election Transparency Act definition of a “fair and open process” and instruct Proposers on the applicability of Chapter 51.
- 2.3 For Contracts Awarded Pursuant to a Fair and Open Process
- 2.3.1 The NJSEA has determined that the procurement meets the definition of “fair and open process” as defined above. Pursuant to P.L.2005, c.51, as amended by the Elections Transparency Act, P.L.2023, c.30, codified at N.J.S.A. 19:44A-20.13 to 20.25 (“Chapter 51”), and Executive Order No. 333 (2003), contracts awarded pursuant to a fair and open process do not require a certification or disclosure of any solicitation or contribution of money, or pledge of contribution, including in-kind contributions. Accordingly, submission of the above referenced disclosure forms is not required as part of this procurement and are not included in the list of required submissions.
- 2.4 For Contracts Awarded Pursuant to a Non-Fair and Open Process
- 2.4.1 Pursuant to N.J.S.A. 19:44A-20.13 et seq. (P.L.2005, c.51, rev. P.L.2023, c.30), and Executive Order 333 (2023), the State shall not enter into a Contract to procure services or any material, supplies or equipment, or to acquire, sell, or lease any

- e. Engage or employ a lobbyist or consultant with the intent or understanding that such lobbyist or consultant would make or solicit any contribution, which if made or solicited by the business entity itself, would subject that entity to the restrictions of the Legislation;
- f. Fund contributions made by third parties, including consultants, attorneys, family members, and employees;
- g. Engage in any exchange of contributions to circumvent the intent of the Legislation; or
- h. Directly or indirectly through or by any other person or means, do any act which would subject that entity to the restrictions of the Legislation.

A Continuing Political Committee does not include a "political party committee," a "legislative leadership committee," or an "independent expenditure committee," as defined in N.J.S.A. 19:44A-3.

2.7 Prior to awarding any Contract or agreement to any Business Entity pursuant to a non-fair and open process, the Business Entity proposed as the intended Contractor of the Contract shall submit the Two-Year Chapter 51/Executive Order 333 Proposer Certification and Disclosure of Political Contributions for Non-Fair and Open Contracts, certifying either that no contributions to a Continuing Political Committee or to a candidate committee or election fund of a gubernatorial candidate have been made by the Business Entity and reporting all qualifying contributions made by the Business Entity or any person or entity whose contributions are attributable to the Business Entity. P.L.2023, c.30) if in a calendar year the contractor receives one or more contracts valued at \$50,000.00 or more. It is the contractor's responsibility to determine if filing is necessary. Failure to file can result in the imposition of penalties by ELEC. Additional information about this requirement is available from ELEC by calling 1(888)313-3532 or on the internet at <http://www.elec.state.nj.us/>.

4.0 MANDATORY EQUAL EMPLOYMENT OPPORTUNITY LANGUAGE

4.1 N.J.S.A.10:5-31 et seq, (P.L. 1975, c.127) N.J.A.C. 17:27-1.1 et seq.

4.2 During the performance of this contract the contractor agrees as follows:

- 4.2.1 The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, up-grading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.
- 4.2.2 The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees places by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity of expression, disability, nationality or sex.
- 4.2.3 The contractor or subcontractor will send to each labor union, with which it has a collective bargaining agreement, a notice, to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractors' commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- 4.2.4 The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to the N.J.S.A. 10:5-31 et seq., as amended and supplemented from time to time with the Americans with Disabilities Act.
- 4.2.5 When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith effort to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program may, in its discretion, exempt a

contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active “card carrying” members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

- a. If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three business days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et.seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurance from the construction trade union at least five business days prior to the commencement of the construction work, the contractor or subcontractor agrees to afford equal employment opportunities minority and women workers directly, consistent with this chapter. If the contractor’s or subcontractor’s prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with the equal employment opportunity goals set forth in this chapter.
- b. If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions:
 1. To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Division pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;
 2. To notify any minority and women workers who have been listed with its awaiting available vacancies;

3. Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;
4. To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;
5. If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and non-discrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;
6. To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor;
 - (i) The contractor or subcontractor shall interview the referred minority or women worker.
 - (ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractors or subcontractor shall hire or schedule those individuals who satisfy appropriate qualification standards in conformity with the equal employment opportunity and non-discrimination principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to these rules. All of the requirements, however, are limited by the provisions of (C) below.
 - (iii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the

contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.

(iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

7. To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract, on forms made available by the Department of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

- c. The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring hall arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ration established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA201) electronically provided to the public agency by the

Department of LWD, Construction EEO Monitoring Program, through its website, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:27-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration to this contract to the Dept. of LWD, Construction EEO Monitoring Program, and to the the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for the on-the-job programs for outreach and training of minorities and women.

- d. The contractor and its subcontractor shall furnish such reports or other documents to the Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of LWD, Construction EEO Monitoring Program from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Dept. of LWD, Construction EEO Monitoring Program for conducting a compliance investigation pursuant NJAC 17:27-1.1 et seq. Additional mandatory Construction Contract Language for State Agencies, Independent Authorities, Colleges and Universities Only.

The Executive Order No. 151 (Corzine, August 28, 2009) and P.L. 2009, Chapter 335 include a provision which require all state agencies, independent authorities and colleges and universities to include additional mandatory equal employment and affirmative action language in its construction contracts. It is important that this language is in addition to and does not replace the mandatory contract language and good faith efforts requirements for construction contracts required by N.J.A.C. 17-27-3.6, 3.7 and 3.8, also know as Exhibit B. The additional mandatory equal employment and affirmative action language is as follows:

It is the policy of the [Reporting Agency] that its contracts should create a workforce that reflects the diversity of the State of New Jersey. Therefore, contractors engaged by the [Reporting Agency] to perform under the construction contract shall put forth a good faith effort to engage in recruitment and employment practices that further the goal of fostering equal opportunities to minorities and women.

The contractor must demonstrate to the [Reporting Agency]'s satisfaction that a good faith effort was made to ensure that minorities and women have been afforded equal opportunity to gain employment under the [Reporting Agency]'s contract with the contractor. Payment may be withheld from a contractor's contract for failure to comply with these provisions.

Evidence of a "good faith effort" includes, but is not limited to:

1. The Contractor shall requite prospective employees through the State Job bank website, managed by the

Department of Labor and Workforce Development, available online at <http://NJ.gov/JobCentralNJ>;

2. The Contractor shall keep specific records of its efforts, including records of all individuals interviewed and hired, including the specific numbers of minorities and women;

3. The Contractor shall actively solicit and shall provide the [Reporting Agency] with proof of solicitations for employment, including but not limited to advertisements in general circulation media, professional service publications and electronic media; and

4. The Contractor shall provide evidence of efforts described at 2 above to the [Reporting Agency] no less frequently than once every 12 months.

5. The Contractor shall comply with the requirements set forth at N.J.A.C. 17:27.

To ensure successful implementation of Executive Order and Law, state agencies, independent authorities and colleges and universities must forward an Initial Project Workforce Report (AA201) for any projects funded with ARRA money to the Division of Public Contracts EEO Compliance immediately upon notification of award but prior to execution of the contract.

The amount set off shall not allow for the deduction of any expenses or other deductions which might be attributable to the taxpayer, partner or shareholder subject to set-off.

The Division of Taxation may initiate procedures to set off the tax debt of a specific vendor upon the expiration of ninety (90) days after either the issuance by the Division of a notice and demand for payment of any state tax owed by the taxpayer or the issuance by the Division of a final determination on any protest filed by the taxpayer against an assessment or final audit determination. A set-off reduces the contract payment due to a vendor by the amount of that vendor's state tax indebtedness or, in the case of a vendor-partnership or vendor-S corporation, by the amount of state tax indebtedness of any member-partner or shareholder of the partnership or S-corporation, respectively. N.J.A.C. 18:2-8.3.

The Director of the Division of Taxation shall give notice of the set-off to the taxpayer, partner or shareholder and shall provide an opportunity for a hearing within 30 days of such notice under the procedures for protest established under N.J.S.A. 54:49-18. No requests for conference, protest, or subsequent appeal to the Tax Court from any protest permitted under N.J.S.A. 59:49-19 shall stay the collection of the indebtedness. Interest that may be payable by the State to the taxpayer, pursuant to L. 1987, c. 184 (N.J.S.A. 52:32-35) shall be stayed.
